

# Family Literacy Day

Friday March 19, 8:30 – 9:30 in the classroom with follow up  
discussion 9:30am – 10:30am

There is a lot going on in our classrooms relating to literacy development, and we would like to share some of it with you!

We are planning a family literacy day that will include:

- Hands on activities with a literacy focus that you and your child can participate in together
- Displays relating to literacy development and how children develop language, reading, and writing
- Featured materials and/or activities that children have been enjoying this year
- Articles and other references to materials where you can read more about this important area of development
- A follow up discussion so that we can discuss literacy development, the specifics of your experiences, and answer any questions you may have, including videos of the children at school

Please plan on joining us on your child's regular school day. Families with children coming five days are welcome on either day, or on both days.

You don't need to sign up to come.
