Please Join Us for a Parenting Discussion:

Friendship and Social Development Wednesday February 27 9 – 10:30 AM

Many parents ask their child's teacher "Does my child have a friend at school?" You may be thinking about...

- *What friendship means at various stages of development*
- *How adults can support children's social development*
- *What skills children need to develop as they learn to "get along" with other children*
- *What children mean by the words they use as they talk about other children they define as "friends"*
- *Features of successful playdates*

All are welcome! Please call Katrina Selawsky, Director of the Learning Circle Preschool, at 781-828-4800 for more information or to register. Coffee and light refreshments will be served.
